

BELMONT EMERGENCY MANAGEMENT

Warning Notification

Belmont Emergency Management is informing the community of the following information from the Massachusetts Emergency Management Agency (MEMA):

A long duration coastal storm is expected to impact the Commonwealth beginning this evening and lasting through Monday. The storm will bring abundant rainfall, strong to damaging wind gusts, beach erosion, and coastal flooding across multiple high tide cycles. Steady light to moderate rainfall is expected to begin tonight and persist through Monday resulting in a widespread 1-3 inches of rainfall across much of the state with higher amounts near 5 to 6 inches possible for areas mainly along and east of I-93. Gusty east-northeasterly winds will gradually increase overnight into Saturday morning with the highest gusts occurring during the Saturday afternoon through Sunday morning time frame. Much of the state will experience 35-45 mph gusts, with stronger gusts up to 65 mph possible across the immediate coastal areas. Wind gusts will gradually ease Sunday afternoon into Monday. However, gusts will remain elevated, ranging between 25-40 mph at times.

As of 8:00 AM 9/25/2026:

- **High Wind Warning from 8 AM Friday to 2 AM Sunday for the following counties:**
Eastern Essex; Suffolk; Eastern Norfolk; Eastern Plymouth; Southern Bristol; Southern Plymouth; Barnstable; Dukes; Nantucket.
- **Coastal Flood Warning from Friday afternoon through Sunday evening for the following counties:** **Essex; Suffolk; Norfolk; Plymouth; Barnstable; Dukes; Nantucket.**
- **Coastal Flood Advisory from Friday afternoon through Sunday evening for the following counties:** **Plymouth; Bristol**
- **Wind Advisory from noon Friday to 2 AM Sunday for the following counties:** **Northern Worcester; Eastern Hampden; Northwest Middlesex.**
